

WHAT WOULD A FAIR TAX SYSTEM LOOK LIKE?

The SEARCH Foundation, SACOSS and SA Unions invite you to attend a public forum to discuss significant taxation reform in Australia.

The tax system is crucial to ensuring a fairer and more equal society and provides the funds to government for the provision of vital services to the community.

The Australian tax system currently offers tax breaks for the rich, and struggles to provide enough revenue to fund services – can we do better than this?

The public forum guest speaker Richard Denniss will be followed by respondents from SACOSS and SA Unions.

Dr Richard Denniss

Dr Richard Denniss is former Executive Director and current Chief Economist at The Australia Institute. An economist by training, Richard has worked for the past 20 years in a variety of policy and political roles. He is known for his ability to translate economics

issues into everyday language. Richard has published extensively in academic journals, and is an Adjunct Associate Professor at the Crawford School of Economics and Government at the Australian National University.
